
PG Ψ, θ = 30°
Haine & Fuller (2016), θ = 30°
along the line through the source, θ = 30°
PG Ψ, θ = 60°
Haine & Fuller (2016), θ = 60°
along the line through the source, θ = 60°
x
y
|Ψ| / max|Ψ_HF|
